# GREEN TAPE

## THE MULTI-SECTOR E-PROCUREMENT PLATFORM FOR EVERY BUSINESS

The Green Tape platform is more than just a cutting-edge SaaS procurement solution.

**It's a comprehensive suite of supply chain management modules designed to optimise business operations for any business.**

The e-procurement platform for  
**procurement specialists and non-specialists**

Whether you're a procurement specialist or a non-specialist, Green Tape is your **gateway to seamless, efficient, and cost-effective procurement.**

For large companies that currently use other market-leading, but costly procurement solutions, **Green Tape is an excellent platform to manage a company's tail spend cost effectively and efficiently.**

# Why Green Tape is the e-procurement platform for your business

## Full automation for efficiency

Green Tape automates procurement end-to-end, instantly connecting suppliers and buyers for seamless listing, evaluation, and decision-making. Benefit from faster ordering, effortless comparisons, fewer errors, and lower inventory costs.

## Costs savings

Cut purchasing costs with improved spend transparency, bulk buying, stronger compliance, reduced off-contract spending, and increased bargaining power.

## Unmatched transparency and compliance

Our digital requisition system ensures transparency and compliance with full audit trails, real-time budgeting, and comprehensive reporting for smarter decision-making.

## Rapid deployment and zero Infrastructure investment

As a cloud-based platform, Green Tape requires no hardware or software installation. Businesses can integrate Green Tape seamlessly with minimal setup and no upfront infrastructure costs.

## User-friendly interface and minimal training required

Designed for ease of use, Green Tape eliminates complexity, ensuring rapid adoption with minimal training and zero technical maintenance.

## Green Tape: A Top Finalist at the Asia Pacific Procurement Awards 2024

Green Tape was proudly shortlisted as a top five finalist in the "Asia Pacific Solution Provider" category at the Asia Pacific Procurement Awards 2024 in Singapore. Recognised for its role in transforming the e-procurement landscape, Green Tape is driving smarter, more efficient procurement solutions.

## Suite of Supply Chain Management solutions and services

In addition to the Green Tape enterprise procurement platform, we offer other complementary modules and services to support any business.

### Aggregator

Aggregates bulk orders from multiple companies, optimising pricing and supplier engagement.

### e-Auction

Enables companies to auction used items, repossessed assets, and excess inventory online.

### Reverse Auction

Empowers buyers with a competitive bidding process where suppliers lower their prices in real time.

### Contract Management

Manages the full contract lifecycle from request and drafting to approval, signing, and post-contract governance.

### Supply Chain Financing

A financing solution that enables suppliers to meet the payment terms of their buyers, improving cash flow and strengthening the supply chain.

### Managed Services

Green Tape partners with businesses to design tailor-made procurement outsourcing solutions, allowing companies to focus on their core operations.

# A scalable solution for any business

Green Tape adapts to businesses of all sizes - whether you have **200, 2,000, or 20,000 employees** - ensuring smooth procurement management as your organisation grows.

## Key features and functionality of the Green Tape platform

The Green Tape platform includes an extensive range of features and functionality to support the entire procurement lifecycle and facilitates full control of the entire procurement function.

## What Sets Green Tape Apart?

While the Green Tape platform includes the features, functionality, and state-of-the-art technology available in some of the leading e-procurement solutions in the market, Green Tape differentiates itself by offering:

- **Intuitive, easy-to-use platform**  
Minimal expertise required—designed for effortless adoption.
- **Customisable workflows & governance**  
Tailored configurations ensure a seamless fit for any business rather than a one-size-fits-all complex and cumbersome system.
- **Low Total Cost of Ownership**  
Compared to other solutions, Green Tape is an affordable, high-value alternative.

## About Affno Virtual Market (Pvt) Limited (AVM)

AVM is a member of the Affno Group which was founded in the year 2000 and has more than two decades of experience in designing, building and commercialising software solutions across 15 industry sectors in ten countries including building and managing the on-line presence for airlines, stock exchanges, and large enterprises whose web presence is mission critical, and e-government deployments funded by the World Bank.

AVM was incorporated in January 2019 to develop Green Tape, a fully-fledged end-to-end e-business platform for procurement, centered around a SaaS platform.

The Company was thereafter incorporated in Singapore in 2022 to facilitate the growth of our customer base across the Asia Pacific and Middle East regions.
